name: Katie Rice

select: Parish Council Clerk

message: I am looking for genealogical information and from what I can gather, I am descendant from a Robert Royce and a Mary Sims that came from Long Sutton to Connecticut between 1634 and 1636. I am really looking for any records you might have of these people or any of their siblings. Is this the place that I might find this type of information?

Thank you so very much!

Katie
